

Attention! Risk Pooling Trust Administrator

Submit Auto, Property and General Liability Claims Electronically Save Valuable Time and Get a Quicker Response with On-line Claims

Dear Trust Member,

Now you can submit claims electronically to the Risk Pooling Trust and initiate the claim payment process easier and faster. You don't need to use paper claim forms. You don't need the hassle of fax or mail.

Tested by RPT Members

After months of testing, a pilot group of RPT members learned that submitting claims online is effective, reliable and saves time. If you've used the Internet to submit Underwriting transactions, then submitting a claim on-line is the next logical step.

Short. Easy. Effective.

Simply log into the Account Info section of your Plan Administrator web page. Select the Submit Claim link, select the type of claim, choose the auto or building depending on the type of claim, and then simply fill in the web claim form. We even have a step-by-step online video that shows you exactly how to fill out the claim forms. You'll find a link to it on the Welcome Page of your Administrator's Section.

Get Started Today.

If you are not already registered for our on-line services go to www.cbsservices.org and select the "Register" link in the center, left of the "Administrators" section. Fill in the registration form and you will be contacted by our Registration Representative. If you are already registered for on-line transactions and want to add reporting claims to your services, simply call our Website Registration Representative at (800) 807-0300. Press Option 2 and tell them whom you wish to designate to submit claims on-line. We will set up security and grant access to that person.

Using this new on-line feature is just a call or click away.
We look forward to the privilege of serving you.
